

Notice of 2022 Tax Rates

This notice concerns 2022 property tax rates for Castro County, Castro County Hospital District, City of Dimmitt, City of Hart & City of Nazareth. It provides information about three tax rates used in adopting the current tax year's tax rate. The no-new-revenue (effective) tax rate, after all applicable adjustments, would impose the same amount of taxes as last year if you compare properties taxed in both years. The voter-approval (rollback) tax rate is the highest tax rate a taxing unit can adopt before taxpayers can petition for a rollback election. Where applicable, the de minimus rate is the highest tax rate that taxing unit can set before a rollback election would be required. For taxing units that do not calculate a de minimus rate, a rollback election would be required if the proposed rate is higher than the Voter-Approval Tax Rate. In each case, these rates are calculated by dividing the total amount of taxes by the current taxable value with adjustments as required by state law. The rates are given per \$100 of property value.

Taxing Entity	2021 Adopted Rate	2022 No-New-Revenue Rate	2022 Voter-Approval Rate	2022 De Minimus Rate
